“ When I first think of Marisa, I think of the summers my brother and I spent in the valley. Back before she was officially “Tia” (although she always treated us like family). The days seemed so long with little to do, besides get into trouble, watch novelas and eat Guelita’s home made tortillas. We always looked forward to spending time with the novios. It would be the highlight of our week. Be it trips to the island, celebrating my birthday at Peter Piper Pizza, the 4th of July fireworks by the water tower, taking us to your Biology graduate course at Pan Am, your families BBQs etc. I remember being so excited when y’all moved next door to Guelito and Guelita, it just meant we got to spend more time with you all. So many wonderful memories!

Our Tia Marisa was truly one of a kind. A beautiful person inside and out. Any and all positive adjectives could be used to describe her. Selfless is one that always comes to mind. Always wanting to do for others without expecting anything in return. That is what truly brought her joy. Never wanting anyone to worry about her and the challenges she faced.

I wanted to share a few words and prayers from close friends and extended family that had only met our Tia on a few occasions that illustrates the aura she projected:

“We feel so blessed to have gotten to know her a little over the years...and it was so easy to see how much love she had for all of you.”

“She was an absolute treasure! She will be dearly missed. I am confident she is home resting safely with the Lord, her body free of pain, and is watching over all of you.”

She truly impacted and touched many lives in this earth.

We are fortunate and thankful to have had her in our life. You will always hold a special place in our hearts.

Thank you Tio for taking care of Marisa and always being by her side, while she relentlessly fought this horrible disease.

Tio, primos and family, we love you all and wish we could be there with / for you all.

Love,
Eddie, Jackie and Bianca
