“ Tio 'Ele' you were like a father to me, you represent an Oak 🌳 to me and my sibilings. Since we were younger when my parents got divorced you always made an effort to look for us. You were like a father to me You would randomly by us 🎁 gifts. Growing up you always have us good advise. I remember when I bought my house in La Joya you were reprimanding me for spending money that way and sinking into debt. Your advise was to by land place a trailer house and custom build the house so that I would not be in debt for 30 years. These are just a few of the many good memories I hold near and dear to my heart. You were a very generous man even if you didn't have you would literally take your shirt of your back to help people in need.
