“ I have so many memories of my brother, that I can fill page after page of what an amazing person my brother was. How he cared for all his loved ones without measure, how he always thought and put others first even during his illness, how he gave so unselfishly etc. I can write page after page that will reach beyond the sky. However, I would like to send a message to all his friends and coworkers. I paid my brother's phone for 3 months hoping to capture all his calls and messages that were still coming in. Unfortunately, I have been unable to get my brother's phone to work, so I have lost all his contacts. I'm still trying too get it fixed, though. Please feel free to call me or text me to 956 862-9737. I am Humberto's (Beto's , Bert's, Berto's) oldest living sister. I was blessed to communicate with a few of my brother's friends, coworkers (Stephanie Rush, Becki Rendon 28th, Earnest Jimenez). I also contacted many friends and co- workers via my brother's phone. Everyone is welcome to send me a text or call me. Since I used my brother's phone, I do not have your phone numbers.

“ I send my deepest condolences to the friends and family of Humberto Palomo, especially his daughter, whom he loved beyond words. I worked with Palomo in the late 1990s and then kept up with him through his work in Corpus Christi. Palomo was a witty and kind man who recognized challenges and how to overcome those challenges effectively. I respect him for his honesty, conversations, and sensitivity to offer guidance and support when needed. Although, sometimes, people only need a reality check, and Palomo would offer that, too. Palomo was an exemplary public servant, an asset to every agency he served, an honorable man, and a great friend. May he rest in peace.

Though I should walk in the valley of the shadow of death, no evil would I fear, for you are with me. (Ps 23:4)

“ Our deepest condolences to the Family and Friends of Humberto Palomo. My wife and I had the pleasure of working with Palomo for a short while at the Kendall County Adult Detention Center. Through work we became acquaintances and shared stories from both our previous careers and even discussed plans for the future. May you rest in peace Palomo and we are thankful that we got to know you. You may be gone, but you will not be forgotten.

“ Prayers Mary for your family & you as you go through the loss of your dear big brother Humberto. Even though I did not know Humberto I admired how he cared about his siblings and the extra special things you'd tell me about him that made him stand out. He loved and was concerned about you all being selfless, not complaining or wanting you all to worry about him. We honor him also thanking him for his service to our country. May you be comforted by having a big brother of that caliber and character.
Sincerely, Angie Marchese

My sincere condolences to the Palomo family. I met Humberto when he was assigned to our division with Bexar County Sheriff's Office. In spite of being a very private person his love of his family, his pure optimism and great sense of humor are the things I'll always remember about Humberto. Rest In Eternal Peace My Brother 🙏

“ Terri and I truly enjoyed Humberto's friendship for the past 35 + years. I met Humberto back in the late 80s while working at Bastrop somehow we clicked and became good friends. Although our careers took us to different parts of the country we always took time to stay in contact with one another. We had some many great times together in Austin and San Antonio. When we worked together we always listened to the tejano station at work. It's individuals like Humberto that give the true meaning of friendship. Until we meet again my friend. RIP

I didn't have the pleasure of knowing Humberto, but I worked with with his sister Mary and met his mother on occasion. I admire Mary's family for being wonderfully close-knit and caring so much for one another. From the comments I know the siblings share a common sense of respect and integrity instilled by the traditions of their parents who must be proud of their successes in life. RIP Humberto, and peace and comfort to all his family and friends.

“ I enjoyed working with Palomo while he worked with Kendall County. He always called me Patricia. My name is Francisca. He said that I reminded him of a Patricia that he had worked with before.
