“ *What a blessing it was too be considered a part of her family. She "adopted" Tom and I as her own. We will forever cherish her love.*

“ My first and everlasting memory of Mom was when I first met her in 1984. Sue took me and our daughter Selah to meet her at the hospital. She was in recovery from surgery of a hip replacement. There lying in bed she reached for me to hug her. It was only a few seconds, but it was heartfelt. I will always remember her as a sweet and caring soul. I love you "my Muffin"
