“ *I will always treasure the memories and the friendship of John and Rheba. Late nights playing dominoes and laughing! Yelling across from my balcony to yours. I will always treasure the memories of John teaching my son Jimmy how to change the oil in the generator. And I remember the drive we took across the island to the waterspout! And our wonderful Thanksgiving meal on the island together. I am blessed to call John my friend! May he rest in peace.*

I can still see John and Rheba walking up to me to say hello, we were in Hilo Hawaii, June 2018. We became instant friends. I had just moved to the island and John invited me to watch the fireworks on July 4th. I am so honored to know you John.
