“ For those who knows me, Juana is my most best friend in the world for 35 years. We laughed, cried, traveled and watched our children grow up. I feel a part of me died with her. Im very selfish to say I am lost without her. I retired this last year and was planning to enjoy the summer with her with our dogs. Her wisdom taught me many things and I felt safe. I also felt I had a second family. Thank all of the family for being so kind. I know without doubt she is in heaven
