“ I met Misty at STC while in the Radiology program. As a group, we were all very close for a long time. Misty and I spent a lot of time together as well. She's the one that pushed me to talk to who is now my husband. I'm forever grateful to have had Misty in my life and wish it was for much longer. My heart is in pieces to hear this news. My love and prayers go out to her family and loved ones.
