“ *Moses was an amazing person. He was a student in my Microsoft Excel class at Henry Street Settlement. He was so committed and dedicated to doing well in class even when he struggled with the material at times. I have very fond memories of Moses. He was always so sweet and generous. I appreciated how he thought highly of me and always complemented my teaching. He really knew how to make people feel appreciated. He was just a kind person. He remembered my birthday all the time and would reach out to me to share the love on my special day. Just a great human being all around. His death was such a sad tragedy. He is greatly missed.*

“ It is never easy getting the news that one of your family members has passed away. My heart is shattered into a million pieces. I am forever grateful that our Tio Moses was put in our lives because he brought so much, joy, laughter, love, and support! He lived in NY, the Big Apple as he would say, I will forever cherish our guided tour by him! He would meet us at our hotel and we would walk everywhere from morning until night each day we were there and he would test us along the way by asking, "are we going up town or down town?" He was always so excited when anyone of us came to visit! Joe and I celebrated our 21st Anniversary in NY and then we had our sister trip in NY on March of 2017. We have so many wonderful and beautiful memories with our Tio Moses! His other saying was, "how rude!"lol also when you said you loved him he always said, love you more mijita! I will forever miss your presence, laughter, love, best hugs and your loudness full of life self! The other thing Joe reminded me of was that Tio used to always say, Google it!" I know you were welcomed in our heavenly Father's arms and Grandma, Grandpa, brothers and other loved ones are rejoicing your visit. Until we meet again! Love you more!
