“ Hey Nanie it's 2019 almost 2020 I did it I'm going to graduate and at the most I'll be the second youngest to graduate at the age of 17. At the moment today's date is 11/22/2019 and we're at North Carolina a small little get away from everything was nice. I also started dancing again I still have as much love for it as I did when I was in middle school. I also joined a few other things such as color guard and law club I'm actually secretary of the club lol my law teacher loves me. I'm also joining one of the military branches I'm just still not sure yet. I thank god that when you left you also brought us a gift Apple your son loves her like his own sister. And she loves him just as much. Harvey has his own place now with his girlfriend it's an apartment lol he's happy I miss him though. Everything going good I'm physically okay but mentally I'm very sad but I don't show it because I need to live the best I could be I love you here are a couple of pictures of recently
