“ *It's because of this man that I became the teacher I am today. He was my 5th grade teacher at Memorial Elementary in La Joya ISD... there were only educators that I had that made a difference in my life... he was one of them. At the end of the school year... I told him I wanted to become a teacher like him. An educator that showed passion for his career and cared deeply for his students future. Mr. Treviño.... I was named teacher of the year 2008-2009. I owe that honor to you. Thank you so much.*
Monica.... sorry for your loss...

“ *This man genuinely went out of his way to make you a better person. He's my all-time favorite teacher and one of the best people I've ever met. I can honestly say I wouldn't be where I am today without his influence. He was the kind of educator you remember your whole life simply because of how much he genuinely cared for his students. He will truly be missed.*
