“ Some of my amazing memories were on her front porch, sitting in the sun while I plucked her eyebrows. It sounds simple, but those moments were everything to me just the two of us talking, laughing, her voice calm and strong. And watering her plants everyday i loved seeing her outside she planted more than just flowers. She planted love in her family, in her home, and in me.
I love you, Grandma

“ My grandma was my whole world. She meant everything to us and to so many others whose lives she touched. I've loved hearing all the beautiful stories and memories that everyone has shared, each one is a reminder of how deeply she was loved. She will always be with us, living on in our hearts and through the love we carry forward. When I look back, my favorite memories always included her pouring love into her children, grandkids, and great-grandbabies. She was the heart of our family, and she always will be. □ I love you grandma, “Forever & Ever & Always” - her granddaughter, Lupita
