Tribute Wall

“ *This is a loss that will be deeply felt for a long time.*

Although Saul wasn't family, I had tremendous admiration for his work ethic and his visionary approach to life. He was always committed to keeping himself and those around him healthy. He proudly shared his love for animals and nature, and he inspired in me a desire to live off the land and its resources — a dream I'm still working toward, thanks to the seed he planted.

His friendship with my dad and our family was a true blessing. We will miss him dearly.

Ciertamente el descanso eterno, es el más grande privilegio que se le da al hombre cuando a corrido su Carrera; y hemos alcanzado la meta final, por tanto alegrémonos porque solamente duerme esperando poder sentarse a la mesa con El, y estar para siempre a su diestra , y también Oro porque su familia encuentre La Paz que sobrepasa todo entendimiento y pueda disfrutar intensamente de estos momentos de duelo y reconciliación. My deepest condolences to the Castillo family. I met Saul several years back when he built a fence around my house on Shary Rd. He later did several other jobs for me before we left the Valley 7 years ago. We became such good friends that he would call me afterwards to check up on us. I always admired Saul's wisdom, energy, enthusiasm, work ethics and love of people and life! We would often joke about moving our families to Costa Rica for a better peaceful life. Saul will be dearly missed by all his friends. Edith and family, know that my prayers and thoughts are with you during this very difficult time.
